EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anne Vachon Dougherty on March 2, 2005.

The application has been amended as follows:

Claim 10. (currently amended) The IP network of claim 7 further comprising a backup hub for said subnet, said backup hub being linked to all spokes of said subnet and to the primary hub, and said backup hub being not active as long as it does not ~~leese~~ lose the connectivity with said primary hub.

FOREIGN PRIORITY

2. Applicant's claim for foreign priority is acknowledged. Applicant's new application transmittal form filed 10-26-2001 indicates that a certified copy of the foreign priority was filed. However, the examiner could not find the certified copy in the image file. A certified copy can be resubmitted to complete the claim for foreign priority or applicant can submit evidence that the original certified copy was received and lost by the Patent Office in order for the Office to search for the lost document.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to anticipate or make obvious the method and network for updating the inverse ARP table in the particular network including defining the first DLCI being mapped with a default address identifying the hub as the destination for any frame addressed to one or more spokes on the subnet and automatically entering the default address as an entry into the inverse table.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin Marcelo whose telephone number is 571-272-3125. The examiner can normally be reached on Mon-Fri 8:30-5:00.
